Sources of light can be natural or artificial.

Natural
Not man made

Artificial
Man made
Figure out which objects are natural or artificial sources of light and circle your answer below.

- **Sun**: Natural
- **Television**: Natural
- **Flashlight**: Artificial
- **Lightening Strike**: Natural
- **Stars**: Natural
- **Lamp**: Artificial
Go outside or look around your home for other sources of light and put them in the chart below. Hint: This activity might work best at night.
