Accounting standards prescribe how an entity should measure, recognize, present and disclose in its financial statements uncertain tax positions that an entity has taken or expects to take on a tax return. The Organization recognizes a tax provision related to uncertain tax positions only if it is more likely than not that the tax position would not be sustained on examination by the taxing authorities, based on the technical merits of the position. For the years ended December 31, 2017 and 2016, we determined we did not have any uncertain tax positions and we did not incur or accrue any associated interest or penalties related to those positions.
